

REMARKS

Claims 1-2, 5-13, 16-24, 27-31, 33-45, and 48-55 were previously canceled. Claims 3, 14, 25, 46, 57, and 58 have been amended. Claim 56 has been canceled. Accordingly, claims 3, 4, 14, 15, 25, 26, 32, 46, 47, 57, and 58 are presently pending in this application.

The status of the application in light of the Office Action mailed 23 December 2004 is as follows:

- (A) Claims 3, 14, 25, 46, 56, and 57 were rejected under 35 USC § 102(b) as being anticipated by US Patent No. 5,645,682 (Skrovan).
- (B) Claims 4, 15, 26, 32, and 47 have been allowed.
- (C) Claim 58 was objected to as being dependent upon a rejected claim, but was indicated to be allowable if rewritten in independent form.

As a preliminary matter, on sheet two of seven of the Information Disclosure Statement (Form PTO-1449) submitted April 20, 2004, it appears that the arrow indicating that the references were considered does not extend through the last reference on the page (US Pat. No. 5,882,248 to Wright et al.). The undersigned respectfully requests that the Examiner initial the final reference on the attached copy of sheet two, enter the initialed sheet into the application's prosecution history, and provide the undersigned a copy of the initialed sheet for the applicant's file.

A. Response to Section 102 Rejections

The undersigned wishes to thank the Examiner for participating in a telephone interview on April 27, 2005. During the interview, the parties agreed to clarifying language to overcome the Section 102 rejection in view of Skrovan. However, the Examiner indicated that an additional search would be required to determine whether claims amended with the clarifying language are allowable. The clarifying language has been incorporated into claims 3, 14, 25, 46, and 57. Accordingly, the Section 102 rejection of these claims should be withdrawn.

B. Allowable Subject Matter

The undersigned thanks the Examiner for allowing claims 4, 15, 26, 32, and 47, and for indicating that claim 58 contains allowable subject matter. Claim 58 has been rewritten in independent form. Accordingly, claim 58 is in condition for allowance. Although the undersigned agrees with the Examiner's conclusion that these claims are allowable, the undersigned notes that the claims may be allowable for reasons other than those identified by the Examiner and does not concede that the Examiner's characterization of the terms of the claims and the prior art are correct.

In view of the foregoing, the pending claims comply with 35 U.S.C. § 112 and are patentable over the applied art. The applicant accordingly requests reconsideration of the application and a Notice of Allowance. If the Examiner has any questions or believes a telephone conference would expedite prosecution of this application, the Examiner is encouraged to call the undersigned at (206) 359-6477.

No fees are believed due with this communication. However, the Commissioner is hereby authorized and requested to charge any deficiency in fees herein to Deposit Account No. 50-0665.

Respectfully submitted,

Perkins Coie LLP
